

Case Study:

Fonnel Toppo, Electrical Trade

He is 23 years old of Gohata, Post: Chhatni, Thana: Hakimpur, District: Dinajpur. His father's name is Biresch Toppo and his mother's name is Sumitra Khalko. Her father is a small farmer and her mother is a housewife. He is the youngest of 3 brothers and 2 sisters. His father's monthly income is Tk. 6,000 / -. It was not possible to educate the brothers and sisters with this meager income. Due to poverty he somehow he managed to read and write up to SSC then could not continue study due to lack of money. He decides to work as day labor to help their family. At that time, he came to know through the BGS authorities that BGS can arrange training and create employment opportunity for him. After that he came to BGS Vocational Training Center in Tangail and became interested in taking up one year technical training on electrical trade. Finally he came to Tangail and admitted in electrical trade after discussing with his family. After

successfully completed one year training in Electrical Trade he joined **PRAN-RFL** Group of Companies at Norshingdhi through BGS Job Placement Cell as a Technician and his monthly salary is Rs. 8,500 / -. After 1 year, his salary was increased to Rs. 9,500 / - to improve his work. He spent his money to maintain their family expenses and saving some money for better future and he will buy land. His family is now more self-sufficient than before. Her family is now in better living condition. He is eternally grateful to BGS for imparting skills in technical education and arranging employment for him.
